

# CALP ONLINE: CORE CVA SKILLS FOR PROGRAMME STAFF

PILOT SESSION IN WCAF

# CONTENT BACKGROUND

- COVID-19 has affirmed our plan to expand our e-learning/blended learning options and therefore pushed this to be a priority without waiting for the F2F materials to be updated first.
- Minor updates of content has been done as we develop with a hope to make the same minor edits in the F2F materials

# COURSE OVERVIEW

- This is a new, innovative 12 weeks, online course equivalent to taking the CaLP Face to Face Core CVA Skills for Programme Staff Course.
- Learners need to be able to commit 3 hours per week to this course to cover all of the content available.
- On completion of the 12 weeks course you will receive the same certificate as the face to face course.
- E-learning courses and videos will be open to anyone at any time, but only the cohort of 25 selected participants will have access to the facilitated workshops, and assessments to get the certificate.

# WHAT IS THE LONG TERM ROLL-OUT STRATEGY?

- Who could deliver this course?
  - Regional Capacity Building Staff
  - Global Capacity Building Staff
  - Training Partners
  - Certified Trainers for this course

# WHAT IS THE LONG TERM ROLL-OUT STRATEGY?

- TOTs for Certified Trainers – it is a different skill-set that requires different facilitation skills and knowledge of different online training platforms. It's not a given that excellent F2F trainers will be good at delivering online.
- Each online workshop is likely to need 2 facilitators (1 tech support, and 1 delivering content and facilitating group work)

# COURSE STRUCTURE

Micro-learning content freely available to anyone at any time (**FREE and PUBLICLY AVAILABLE AT ALL TIMES**)

Online Workshops and Assessment Scenarios locked, available only to specific cohorts who need to commit to all 6 (**Learners would need to JOIN A COHORT to access**)
