

Cash and Voucher Assistance Briefings: Modules for Donor Agency Staff

Face-to-Face Delivery

Aim: Equip donor staff to integrate CVA into their ways of working

Course description: This course aims to support and strengthen CVA related considerations within donors' ways of working. The course will aim to inform participants about the latest trends and debates and look closely at specific topics (e.g. risk management & compliance) that are of particular relevance for the audience.

The course will support participants to:

- Apply global CVA-related developments to donors' ways of working and strategies
- Identify what to expect from partners using CVA to deliver humanitarian programmes
- Implement adequate risk management
- Influence collaborative and quality CVA design, delivery and monitoring
